

Kahn Dorchester Edition Range Rover Presented

12/01/2012 14:42 by admin

British aftermarket developer Kahn is giving us its first 2012 project, a new development linked to the company's Range Rover obsession. This time, the tuner targeted the Range Rover 3.6TDV8 Vogue, offering us the Kahn Dorchester Edition.

The SUV has been gifted with a new Cosworth exterior kit, also receiving a Kahn stainless steel quad exhaust system, side skirts, brake callipers finished in heat resistant red paint, billet steering wheel, machined aluminium pedals and bespoke door handles.... [...]
