

Kahn Rolls-Royce Phantom Coupe

16/01/2012 18:39 by admin

British aftermarket company Kahn is starting the year with the development pedal to the metal and the tuner is now giving us a new project, this time targeting one of the most important cars it's ever worked on, the Rolls-Royce Phantom Coupe.

The Kahn Phantom Coupe wears a shadow line finish, with the vehicle coming with visual modifications such as clear side light repeaters, shadow line finish, head light surrounds, window surrounds, rear light surrounds and under floor lighting.
