

Kahn Red Range Rover Evoque

20/01/2012 12:51 by admin

A new day, a new project from British aftermarket developer Kahn, which is continuing its Range Rover Obsession, but targets the Evoque this time. The compact crossover now rides on unique RS600 wheels, which come in sizes ranging between 20 and 22 inches and use an imposing design, being wrapped in high performance tires.

The vehicle has been fitted with a lowered suspension, which brings it 35 mm closer to the road, and has received a full body color matching treatment, as well as tinted wi... [...]
