

Unbelievable 70-215 MPH acceleration from the Hennessey GT

21/01/2012 21:30 by admin

Watching the speedometer is probably the last thing you are thinking about when you are piloting a 1200 horsepower Hennessey GT well into triple digit MPH. For car nerds like myself, it's hard to watch a speedometer climb in this manner without getting a little bit giddy even when you aren't behind the wheel of one of these ZR1 powered beasts. [...]
