

HRE Wheels Vintage Series: How It's Made Video

15/02/2012 13:37 by admin

There are many automotive enthusiasts, including ourselves, who lust for styling cues that have been pulled off the marker a long time ago. However, it's pretty difficult to find retro-designed items these days. Thus, when HRE Wheels launched a video that showcases its Vintage Series wheels, we were more than thrilled and wanted to share this with you.

The clip shows us how the HRE Vintage Series wheels come to life, from raw metal to the finished product. Here's what the US aftermarket devel... [...]
