

2013 Mercedes-Benz SL Interior Design Explained [Video]

15/02/2012 20:39 by admin

While the Mercedes engineers were busy creating a new lightweight chassis for the new SL, the other side of the creation moon, the one that handles design was working just as hard to give the car the desired appearance.

The German automotive producer has recently released a video that brings the interior of the 2013 SL550 under the spotlights, with Nicola Ehrenberg-Uhlig, Manager of Color & Trim for Mercedes-Benz Cars, talking about the inspiration necessary to gift the vehicle's cabin with ... [...]
