

BMW 650i Cabriolet by Lumma: CLR 600 GT

16/02/2012 11:49 by admin

German tuner Lumma Design is ready for the Geneva Motor Show, with the company now presenting one of the goodies that will be displayed at the event: the CLR600 GT, a complet aftermarket package for the 2012 BMW 650i Cabriolet.

The F12 S-Series has been gifted with a body kit that includes a front fascia add-on element with LED daytime running lights, new side skirts, as well as a rear diffuser. The vehicle is connected to the road via a lowering suspension that reduced the ride height by 20 ... [...]
