

## How to Ruin a Lamborghini Murcielago

23/02/2012 18:20 by admin

The Lamborghini Murcielago is a car that manages to impress almost just as much as it did when it came to the market, despite the fact that it has been replaced by the Aventador. However, if you really want to impress, you have to go down the aftermarket road.

Before you do this, make sure you don't end up by actually ruining your Murciel, like the owner of the one in the adjacent image did. The Raging Bull was forced to wear a huge rear wing, and while there's nothing wrong with that - Lamb... [...]
