

Audi A8 D4 Becomes Hofelle SR8

05/03/2012 17:50 by admin

The Audi A8 D4 has received a complete modification progress from German tuner Hofelle Design, with the package targeting the exterior, interior, as well as the tech side of the sedan.

The 4.2-liter FSI V8 engine has been boosted from 372 to 390 hp, while the 4.2-liter V8 TDI diesel unit now delivers 390 hp instead of 350, while allowing its driver to play with a monstrous torque of 900 Nm.

The Hofelle SR8 uses an air suspension lowering module that brings the car 40 mm closer to the road... [...]
