This year's Geneva Motor Show has to be one of the best events ever when it comes to tuned supercars, and this McLaren MP4-12C tuned by Hamann is among the best. The car is called memoR, which sounds like some sort of medicine, but is actually a supercar with a scoop on the top.

As you can see from the video shot by Marchettino in Geneva, it's one radical car, with a big splitter on the front and plenty of added aero components, including a big wing that sits on top of the car's existing wing... [...]
