

Carbon Fiber Mercedes CLS 63 AMG by Mansory [Video]

13/03/2012 20:18 by admin

At first glance, the Mercedes-Benz CLS63 AMG tuned by Mansory is amazingly cool. At least that's what we thought when we first showed you the car yesterday. However, thanks to a video taken in Geneva by Alexsmolik, we found a chink in the armor. That really cool exhaust is actually fake, hiding the real thing behind it, while the overall fit and finish is hard to pull off when you combine carbon fiber parts and stock panels.

But the merits of the wide body kit for the CLS 63 AMG are there for a... [...]
