

Kahn Releases New Range Rover Sport Grille

14/03/2012 14:24 by admin

Kahn has a true passion for Range Rovers, with the SUVs remaining the core of its tuning business. Thus, the aftermarket developer takes the time to cover the smallest details and it's just released a new tuned one: a front grille for the Range Rover Sport.

The new Kahn 3D mesh grille can be installed using the factory mounting points and incorporates impact resistant technology, while also allowing customers to receive a carbon fiber insert. You can have the 3D mesh grille in whatever finish... [...]
