

Toyota GT 86 Gets TRD Exhaust [Video]

28/03/2012 13:30 by admin

The Toyota GT 86, Subaru BRZ and Scion FR-S family is finally ready to storm the roads of the world, after many years in which automotive enthusiasts dreamed at these three affordable sports cars.

However, they have arrived in an era when their 200 hp output is not even enough to leave hot hatches behind and while they are focused on handling rather than on straight line performance, they could use a little bit of spice.

The adjacent video brings us just that, showing a GT 86 that has been... [...]
