

ABT Launches New Tuning Program for Audi Q3

09/04/2012 22:19 by admin

After last year's preview, ABT has now launched its new QS3 program for Audi's smallest crossover model onto the market in Europe.

Currently, ABT offers upgrade kits for the Q3 equipped with the 2.0-liter TDI diesel, in which case, output is lifted from 174hp (177PS) to 203hp (205PS), and the 2.0-liter TFSI petrol that lays down 267hp (270PS), up from 208hp (211PS).[...]
