Jon Olsson is famous for the amazing cars, like the Rebellion R1k Ultima GTR or the Lamborghini Gallardo Ski Transporter. Now, it's time to add another great car to his impressive garage: a specially designed PPI Design R8 Razor GTR. According to his official blog, all Olsson wanted to do was add "a nice little spoiler on it and do a nice little "quick" pimp," but PPI kind of ruined his plans. They added a full carbon fiber body kit that weighs only 600 grams. Knowing about his passion for skiing, PPI also added a ski box at the top of the R8. The standard PPI Razor GTR features a normally aspirated V10 engine that provides over 601 hp at 7,400 rpm and a maximum torque of 416 lb-ft at 6,400 rpm. However, from what we know about Olsson's rides, we wouldn't be surprised to see at least 700 HP under this hood.[...]
