

Five-Axis Announces New Aero Package for the 2013 Scion FR-S [Video]

12/04/2012 18:58 by admin

The tuning industry is wasting no time getting ready for the U.S. market launch of the 2013 Scion FR-S sports coupe. Not long after Scion announced pricing for its first rear-wheel drive model, Five Axis via its production arm named FIVE:AD (Five Axis Design) has presented a new styling package that will be soon available through Scion dealerships.[...]
