

## Chevy Camaro Rides on 32-inch Wheels [Video]

13/04/2012 12:07 by admin

Ever noticed how the automotive industry keeps adding more gears to the automatic transmissions and more inches to the wheels of our car? Of course, all these have a technical explanation, but it seems like a few people in North Carolina decided to look into the future and fit a pair of Chevy Camaros with wheels that come in a... 32-inch size. We have a black Camaro Convertible and a red Camaro Coupe that roll on 32-inch rims and demonstr... [...]
