

Hummer H1 Bears the Scars of its Poor Vinyl Wrap Job

02/05/2012 11:02 by admin

Pictures of a yellow Hummer H1 with 'black accents' have surfaced on the Internet today. As you can see, the car's original paintjob was a striking yellow which the owner decided to cover with matte-black vinyl wrap. Little did he know that the company doing the wrapping were going to seriously cut corners while doing up his car. It appears that the parts which were more difficult to wrap (hinges, rivet lines and other... [...])
