

Ferrari 458 Spider by Novitec Rosso

02/05/2012 17:34 by admin

The Ferrari 458 Italia has already received two upgrade programs from Novitec Rosso: a "standard" one and a second one called "Twins." And now the tuner is turning their attention to the 458 Spyder. Just like with the coupe version, the roadster has also received a carbon aero kit, superlight forged wheels, an engine increase to 609 HP and a top speed of 201 mph. The standard 458 Spyder delivers a total of 570 HP, but Novitec Rosso has added a special carbon-fiber air box with modified air routing and a high-performance exhaust system. As a result the car delivers a total of 609 HP at 9,100 rpm and a peak torque of 419 lbs-ft at 5,400 rpm.[...]
