

Cadillac CTS-V Racing Explained [Video]

04/05/2012 14:55 by admin

The Cadillac CTS-V is an extremely juicy go-fas machine and its racing incarnation takes things to an even higher level. GM is well aware of the latter vehicle's impact on the public and has decided to offer us a taste of what it's like to put it through its paces on the track. Cadillac Racing has recently raced a pair of CTS-Vs at Miller Motorsports Park as part of the Pirelli World Challenge and has filmed the pre-ra... [...]
