

Lamborghini Gallardo LP560-4 Gets RSC Carbon Fiber Parts

04/05/2012 14:55 by admin

The Lamborghini Gallardo has become one of the favorite cars for tuners and thus the Raging Bull is constantly receiving attention, with the latest example of this coming from US aftermarket developer RSC Tuning, which has released a set of carbon fiber parts for the car. The development is fit for the LP560-4 version (this is the current non-special edition version of the Gallardo). RSC Tuning offers an engine bay kit that includes four... [...]
