

Ferrari Testarossa Crazy Custom Exhaust Sound [Video]

04/05/2012 15:56 by admin

The Ferrari Testarossa is one of those cars that made it past the knowledge of automotive enthusiasts, getting closer to common one. So, what if you want to drive one these days? Well, since you want to be vulnerable to mainstream sportscar, you'd have to tune yours. The result can be a pretty interesting one, as we can see in the adjacent video, which shows a black example of the Testarossa that has received serious tech mods. ... [...]
