Advance One Wheels has recently released a photo shoot of a tuned Lamborghini Gallardo wearing its goodies, with the company bragging that these are a perfect fit for vehicles that are extremely powerful and ultra-fast. The images show an Underground Racing Twin Turbo Lamborghini Gallardo that wears ADV5.21 SL Series rims. These come in a 20x9-inch size for the front axle and 20x12-inch size for the rear one. They use a five double-spoke ... [...]
