

Very Black BMW M5 from Japan [Photo Gallery]

06/05/2012 01:04 by admin

The all-black look is the most widespread and the most widely-appreciated style of tuning. It can make any car look good, even cars that didn't look good in the first place. However, when the car you start with is the sleek-looking new BMW M5, the job of making the car look good is substantially easier. It's already a handsome car in stock form and with the all-black treatment, it looks even better. [...]
