

CFC-Sundern's Brassy Mercedes-Benz S65 V12 AMG Styling Package

07/05/2012 16:48 by admin

With 612-horses and 1,000Nm (737 lb-ft) of peak torque on tap from its 6.0-litre twin-turbocharged V12 engine, the pre-facelift S65 AMG is no slouch by any means, which is why German tuning firm CFC-SUNDERN decided to leave the performance aspects of the Mercedes-Benz saloon untouched and focus on the styling. Naturally, design is very subjective and what CFC-SUNDERN proposes may not be to everybody's tastes.[...]
