Forza Motorsport's latest Top Gear Pack comes with some of the most amazing supercars in the world, including the 1200 HP Hennessey Venom GT. It was only released on May 1st, but an avid gamer has already posted a video on YouTube showing off a pretty impressive "test drive" of the Venom GT. With 1200 HP under the hood, the Venom GT was taken to an impressive 260 mph in a straight line. By comparison, Hennessey announced a top speed of 275 mph, so the stats from the game came pretty close! The Venom GT is powered by a supercharged 6.2 liter LS9 V8 engine, the same one used in the Corvette ZR1. The supercar features lightweight carbon fiber bodywork and carbon fiber wheels, a programmable traction control system, CFD (computational fluid dynamic) tested bodywork, an active aero system with adjustable rear wing, and an adjustable suspension system, all in a 2,685 lb package.[...]
