

Mercedes M-Class Tuned by Prior Design [Photo Gallery]

09/05/2012 12:13 by admin

While other tuners are busily preparing the next big thing in terms of design for the brand new M-Class, revealed last year in Frankfurt, Prior Design came to the rescue of the owners of the old one, the W164 model. The body kit is made using package suitable for all M-Class (W164) models. All the parts are made from quality Dura-Flex FRP (Fiber Reinforced Plastic), a material that is easier to paint to match to the body color.... [...]
