

SR Auto Tunes Abarth 500 Prima Edizione [Photo Gallery]

15/05/2012 19:01 by admin

SR Auto Group usually create special packages for stuff like the Lamborghini Gallardo and Avendador. But just like German tuners like to convert the family SUV as well as the supercar, so too has this Vancouver-based tuning company converted a smaller Italian pony. "The great sports cars of our time have always been lightweight, agile, and feature only two doors. For Project Denso, our mission was to instill that sports car herit... [...]
