With its tuned BMWs costing as much as a family house, selling 100 examples of its flagship Hurricane models is no mean feat for a company like G-Power. To mark the milestone, the BMW tuning guru has introduced a special edition version of the E60-based M5 Hurricane RR that benefits from a 30-horsepower boost lifting the total output of the heavily-reworked and twin-supercharged 5.0-liter V10 from 789hp (800PS) to 819hp (830PS).[...]
