

Porsche 997 Carrera 4S Tuned by Cars & Art [Photo Gallery]

22/05/2012 12:44 by admin

Now that the 991 generation of the Porsche 911 has really made its way to the street, 997 owners can still look fresh if they drive some of the special version that haven't been released for the new generation, such as the Turbo or the GT3. But what if you drive a pre-facelift 997? What can you do to make it look young? German tuning company Cars & Art comes with an answer for this question, with this being visible in t... [...]
