

## Smart ForTwo by Project Kahn

15/01/2009 22:22 by admin

What would it take for Project Kahn to design a "Smart" wheel for a Smart Car that has been intended for the narrow streets of Europe? For Afzal Kahn English masculinity is defined by two elements – horsepower and elegance. Afzal Kahn needed no convincing as it will present its latest developed "Smart RSL Wheel" on the 20th of February this year.
