

## ADV.1 Wheels Teases Saleen S7 Twin Turbo Project

30/05/2012 11:55 by admin

Advance One Wheels is know for its obsession to fit its goodies to supercars that have made history, with the latest example of this being their play session with a Ferrari Enzo. The US aftermarket developer is now preparing for a new release of this kind, with the targeted vehicle being the Saleen S7 Twin Turbo. ADV.1 Wheels released a teaser of the project on its Facebook page, promising that the full release will come soon. Yes, we know... [...]
