This awesome black Z06 with red accents is dubbed the Black Widow and is the creation of Mookster, a Seattle-based tuner. The all-American sports car is an icon in its own right, but when fitted with a set of semi-gloss HRE P40SC wheels, the menacing factor is taken to new sporting extremes. Instead of the usual silver cents, the car got a set of red caps to carry the theme in the car's name. Now the cou... [...]
