

Renntech announces 20th anniversary SLR McLaren 777

18/01/2009 22:50 by admin

It was just a coincidence that AMG made a contradicting announcement in the same month just one year apart. If it can be recalled, last year AMG said that the horsepower war was not yet over, but this year they say that it is. The reason for this is that RENNTECH has something more extreme for their 20th anniversary.
