

Vossen Wheels BMW 3-Series F30 Preview

01/06/2012 20:15 by admin

The fresh F30 BMW 3-Series has attracted a lot of interest and, of course, tuners are paying close attention to the car, with the aftermarket releases connected to it starting to arrive one by one. The latest tuning company to touch the new 3er is Vossen wheels, which is preparing to launch a set of rims for the car. Fore now, the US wheel specialist has released a teaser image, one that really catches the eye, promising to give us the fu... [...]
