

H&R BMW 1M Coupe Updated

04/06/2012 16:40 by admin

H&R Springs's US division has recently upgraded a previous project based on the BMW 1M Coupe and the company wanted to share it all with us through the adjacent set of photos. The vehicle was gifted with a set of Forgieline wheels wrapped in Michelin rubber, as well as with European headlights. We are talking about RB3C directional deep concave 3-piece rims that use a centerlock system and come dressed in Michelin Pilot Su... [...]
