

Fabspeed Working on Super Trofeo-Style Lamborghini Gallardo e-gear Paddle Extensions

04/06/2012 17:41 by admin

The Lamborghini Gallardo hasn't become the Raging Bull's best-selling model for nothing: the V10-powered supercar is basically a package of assets, being able to please you in an infinite number of ways. However, it does also come with certain flaws and one of the most annoying is the set of paddles used by the models that come with the e-gear transmissions: the paddles are just too small, which means that we're ta...
