

SMS 570 Challenger by Steve Saleen

19/01/2009 13:45 by admin

We present you the new SMS 570 Challenger by Steve Saleen. To launch his first production model under the SMS badge, Steve Saleen rented out an Orange County night club and had a rave! The launch felt a bit like a wrap party, for the crowd was mainly comprised of SMS staff and Saleen family members celebrating the completion of SMS 570 Challenger numero uno. While we would have liked to take it for a spin, we were told that the car is heading to a certain big auction in Arizona so they don't want to risk damaging it. It was honestly enough to just see it for now.
