

Lorinser Releases S70 Bi-Turbo Details [Photo Gallery]

06/06/2012 15:03 by admin

Combining luxury and power like never before, Lorinser has revealed their brand new Mercedes S-Class project dubbed the S70 6.0 Bi-turbo. The car is based on the V12-powered S600 versions of the car and comes with a cool new paintjob, an engine boost and even a body kit. This includes front and rear bumpers, new side skirts and flared and ventilated front fenders. Also new is a set of 20-inch alloy wheels with Y... [...]
