

BMW 1M RS by Alpha-N Performance [Photo Gallery]

07/06/2012 11:40 by admin

Alpha-N Performance is a young tuning company that founded by former employees of defunct tuner Brabham Racing, Alexander Zilliger and Markus Gutjahr, with the new development being centered around carbon fiber elements, as well as the maintenance of Brabham Racing vehicles. And what better car to start with in order to gain some credibility if not the BMW 1M? The company came up with the Alpha-N 1M RS, which uses carbon fiber for the fr... [...]
