

## Steampunk MINI Countryman by Carlex Design [Photo Gallery]

07/06/2012 16:43 by admin

Steampunk is the perfect blend of old and new, a modern version of magic, alchemy and arcane science all combined into one genre, used in literature, science fiction movies and obviously art as well. There are, however, very few applications in the car world... until now. Polish car customizers Carlex Design have taken one lifestyle crossover SUV that very close to our hearts and combined it with a bit of steampunkness to create one awes... [...]
