The customizers at Five Axis Design have teamed up with Capcom to create the 25th Anniversary Street Fighter Scion FR-S. The car was shown at the 2012 E3 in Los Angeles, sporting a design inspired by the main character of the Street Fighter world, Ryu. The FR-S has been customized with a FiveAxis kit, GReddy Exhaust, and has also been completely repainted. The coupe also rides low and hard on a Tein FLEX coilover suspension kit and will b... [...]
