

BMW Z4 Spiced Up by SR Auto

12/06/2012 19:33 by admin

In a world filled with boring sedans, there used to be only two ways to spice up your life. You either got the next biggest sedan that you could afford or you went for a nimbler, more compact sportscar that had the evocative lines. However, automakers have stopped doing battles on the convertible and coupe market to some extent, as SUV can combine size with a new found sense of style. As a result, the stiff, harsh drop-top is not the main... [...]
