

Champion Motorsport: Porsche 911 RSR Becomes Street-Legal [Photo Gallery]

13/06/2012 15:43 by admin

Champion Motorsport has taken its obsession for the Porsche 911 to the next level with its latest project, which aims to offer the world a road-going version of the 911 RSR racer. The aftermarket developer used a 2011 911 Turbo S as a starting point, with the vehicle receiving 68 mm variable turbine geometry turbochargers (along with a long list of engine mods), an adjustable Ohlins coilover suspension, as well as Champion Motorsport whee...
