

Porsche 997 Turbo on HRE Brushed Red Wheels [Photo Gallery]

20/06/2012 09:48 by admin

Contrast is the key to creating a wheel-to-body color combination that will really stand out from a distance. And the guys at HRE Wheels appear to have struck an ideal combination with this Porsche 997 Turbo fitted with P40SC Brushed Red wheels, which are a sort of deep metallic orange tint to them, contrasting with the gray body. These custom wheels will make you forget all about the boring factory wheels the c... [...]
