

Evoque Rogue Edition by Onyx [Photo Gallery]

21/06/2012 14:01 by admin

The latest tuning package for the Range Rover Evoque has just been released in full by Onyx, a company that usually targets British cars. Th Irish-tuned Evoque comes with a wide body kit, which includes a front fascia, bonnet, carbon fiber front grille, rear fascia, beefier wheel arches, more muscular side elements, as well as side air vents. The interior has been upholstered by duo nappa leather, and also recei... [...]
