

Lamborghini Gallardo LP570-4 Superleggera Gets Vorsteiner Wheels and Carbon Fiber Aero Kit

25/06/2012 17:58 by admin

US aftermarket developer has recently zoomed in on a Lamborghini Gallardo LP570-4 Superleggera, giving the car its usual treatment, which means that the Raging Bull has received a carbon fiber aero package, as well as a set of wheels. The V10 machine now talks to the road via a set of forged VS-310 rims, which uses a five-double spoke design with a minimalist approach. Like we said, the supercar was also fitted with a set of carbon fiber ... [...]
