

## BMW M3 Guerilla by Cam Shaft [Photo Gallery]

26/06/2012 18:11 by admin

Now that BMW offers matte colors for its vehicles, tuners feel threatened and are willing to fight back by releasing even more wrap projects, with the latest one coming from German aftermarket developer Cam Shaft, which has played with an M3. The German wrapping specialist has released what it calls the M3 Guerilla, with the E92 being covered in a matte space-gray foil, which uses the Platinum Wrapping Film designation and comes with a pr...
