

Renown RU5-SF Wheels Released [Photo Gallery]

26/06/2012 19:11 by admin

US wheels specialist Renown has recently released a new model of rims, the RU5-SF Solid Forged monoblock, with the company releasing an image gallery to showcase the development, betting on the "eye candy" factor. Renown used a Lamborghini Gallardo LP560-4 as the first car to custom fit the rims, which comes with a five double-spoke design, but didn't get the chance to take the car out for a photo shoot so far....
