

## Maserati Quattroporte on PUR Wheels by Fairy Design [Photo Gallery]

16/07/2012 14:25 by admin

The Maserati Quattroporte is waiting to get a new generation, but the design of the current one will never grow old, with the tuning companies' attention to the car standing as a proof for this. The latest Quattroporte tuning project comes from Japan, where Fairy Design, a company that likes to play with European vehicles, has recently gotten its hands on an Quattroporte GT S and used a bold approach, but not one that goes too ... [...]
